4615 Maleza Place provides homeowners with a true mid-century sanctuary. With 3,000+ square feet of upgraded modern design, this expansive 5 bed + 4 bath home sits above street level on an elevated lot that offers privacy and pleasant views from every window. The sprawling, .38 acre grounds feature lush landscaping; expansive grassy yards in both front and back; and a covered patio designed for indoor-outdoor entertaining. Tucked away on a quiet cul-de-sac, the location spares you the cut-through traffic common to many south-of-the-blvd streets. And if you are looking for a weekend hike or bike, the beloved Caballero Canyon trails and Mulholland Gateway Park are within walking distance. Afterwards, enjoy a plunge in the sparkling, newly resurfaced salt-water pool large enough for entertaining and swimming laps.

The remodeled kitchen is a standout with its generous cabinetry, quartz countertops, and a center island adorned with breakfast bar seating. SS appliances include Bosch double ovens and a wine refrigerator. Throughout the home, youâ€™ll find designer-selected colors, recessed lighting, and wide-plank oak-style vinyl flooring; the perfect balance of elegance & durability. Exposed beam ceilings crown the open-concept living and dining areas, anchored by a striking two-sided white tile fireplaceâ€”a true mid-century showpiece. Large, sliding glass doors welcome in natural

light and open to the pool and landscaped grounds.

The adjacent family room with floor-to-ceiling built-in bookcases, is ideal as a library, music or media room. Wake up to verdant backyard views in the expansive primary suite, which includes a wall of wardrobe closets and a beautifully updated spa-like bath. Secondary bedrooms are well-sized and ideal for kids and/or a home office; including a jack-and-jill bathroom that connects two bedrooms with expansive views of the surrounding canyons.

On the opposite side of the home, the 5th bedroom offers a private ensuite bath and separate entrance—an ideal setup for extended family, guests, or even conversion to a junior ADU. Additional upgrades include dual-pane windows, new 200-amp electrical panel with dedicated EV outlet, new HVAC ductwork and attic insulation, and a freshly repaved driveway leading to a spacious two-car garage with direct access to the home.

You™ll enjoy the serenity of this quiet, peaceful neighborhood with numerous great schools

nearby and easy access to all that Ventura Blvd has to offer.
