Step inside to find an inviting entry with pendant lighting, beadboard beamed and vaulted ceilings, rich wood floors, and walls of glass that frame lush greenery and open out to the views and pool—evoking the feel of a peaceful retreat. A Terrazzo and stone-clad two-way fireplace connects the living and dining areas, where more glass sliders bring the outdoors in and provide the best in the quintessential California entertaining lifestyle. The open floor plan showcases original mid-century modern details throughout with both the stone and brick entryway and fireplace containing fossil relics and rooms with angled windows.
