Galaxy (GLXY), Saugus,

Perched on an elevated lot with no rear neighbors and sweeping views of the hills and neighborhood below, this 3-bedroom, 2-bathroom home offers peace, privacy, and potential... all at a price that's hard to beat for a single-family home with a view.

The oversized primary bedroom provides a spacious retreat, while the two secondary bedrooms offer plenty of flexibility to fit your needs. One of them is perfectly sized for a nursery, home office, creative studio, or cozy guest room. Both the hall and primary bathrooms have been upgraded with newer vanities and tiled walls in the shower areas.

The large, flat backyard stands out as a blank canvas, ideal for creating your dream space for entertaining, gardening, or simply sipping your coffee while enjoying the sunrise over the hills in the distance. It may even carry potential for an ADU, a pool, or whatever else you can imagine.

The attached two-car garage features a workbench, storage, and a layout that lends itself to flexible use beyond just parking.

As a huge bonus, the neighborhood is conveniently located just across the street from Central Park, offering walking-distance access to green space, playgrounds, sports fields, hiking trails, a community garden, and more.

Affordable, well-located in a desirable neighborhood, and full of potential, this home is a rare find in today's market. Call to book a private showing today, and don't forget to ask about available first-time buyer programs!
