Residential on 0 Acres

N/A, Riverside,

Rare combination of amazing infinity views and no home in front or behind of this highly upgraded 4 bedroom and 3 bath home. Endless views from almost every room of the canyon, rolling hills, city lights and the lake. The formal entry with two story ceilings leads to the highly desired open concept layout with the living room open to the dining room and family room which is open to the kitchen.

Features in the immaculate kitchen are a breakfast bar, custom cabinets, stainless steel appliances, custom backsplash and pantry with pull out shelves. Views from the kitchen and the family room which offers a custom surround fireplace. This home has just recently been upgraded with flooring, baseboards, recessed lighting and shiplap walls. Ample natural light flows throughout the home. Main floor laundry room with direct garage access and guest bathroom. Upstairs are 4 bedrooms with one open to the primary bedroom that is great for a nursery or office and can easily be converted to a separate bedroom. The master retreat has a large balcony to enjoy the views and provide shade for the patio below. The ensuite features dual sinks, glass enclosed shower walk in, separate soaking tub and a walk in closet. Spacious garage with built-in cabinets. Extended side driveway for additional parking. The back yard is perfect for entertaining while enjoying the views with covered patio, separate gas firepit seating area, and there is a large side patio wired for the new owners to add a spa (not included).

The property line goes down the hill which allows the potential for a large deck off the back and potential for a terraced hill for planting or multiple seating areas to take advantage of the views. Nearby are great hiking trails, park areas and located in a great school district, close to shopping. Truly a unique hilltop property you need to visit to appreciate.
