This exceptional property includes an adjoining 3,691 sq. ft. lot (APN #378-254-019), which creates a large combined lot size of 10,225 sq. ft. - thus opening potential for a custom workshop, an ADU, or storage for your RV/toys... the land is open to your interpretation. Working too hard outside? Retreat inside to a beautifully finished (TURN KEY) home where you can pamper yourself in one of two beautifully remodeled bathrooms, or indulge in the oversized kitchen, or find a nice quiet place in your office (possible 4th bedroom), or open the French doors and bring the outdoors in. When you see this home, you will see that it has been beautifully renovated throughout to give you peace of mind. The plumbing was upgraded from copper-to-PEX, the large kitchen boasts ample cabinetry space, clean finishes, and quality appliances. Atop the hardwood floors are freshly installed baseboards/trims and new windows and doors. The home comes with a smart entry system for convenience and the garage has a new door opener featuring a built-in camera with backup power for added peace of mind. An oversized solar system, installed in late 2023, supports energy efficiency which saves you from ultra high electricity bills during those hot months (\$216 per month) and this system is grandfathered in with (EEC) energy export credits at the end of

each year. The HVAC system works perfectly and has been upgraded with a Nest 3rd Generation thermostat. While some landscaping has been completed, the space offers endless possibilities for customization. The home has been freshly painted inside and out, ensuring a clean and modern look throughout.
