The home sits on a very generous sized lot with plenty of room for future expansion as you see fit. As you enter this charming home, you're welcomed into an open area concept with tall, shiplap accented cathedral ceilings throughout the home which connect the living room with fireplace, formal dining room and den/TV/office room. The kitchen has been upgraded with newer stone counter tops, kitchen cabinets and stainless steel appliances. Down the hallway will lead you to the primary room with its own primary bathroom and the two additional bedrooms share a nice sized hall bathroom with updated vanity and light fixtures. The interior of the home was freshly painted, newer AC and the whole house plumbing is new. On this large lot, the outside has a spacious patio area off the den that's partially covered and a BBQ counter space ready for you to set up for gatherings. In addition to the generous detached garage, generous RV parking, there is a studio with a small bathroom, electricity and water. With all this, there is still plenty of room for a pool, expansion of main home or any plans you envision for it.
