Residential on 0 Acres

N/A, Wildomar,

You've found your home! This 3-bedroom 2.5-bathroom turn-key home with new paint inside and out needs to be the first on your list to see! It features a new porch out front to sip coffee in the morning, and a new deck off the master bedroom out back for a drink in the evening. The home also has, newer windows and doors and new LVP flooring. Additionally, the layout has the open concept feel but, still has the traditional living rooms you would want. A new dishwasher was just installed, and the kitchen got a refresh. There is a fireplace in the living room and did I mention this house is super light and bright! The newer windows keep it cooler in the summer and warmer in the winter. The backyard has been meticulously maintained and is super clean and includes a shed. This property has the potential for RV parking on both sides, complete with two beautiful gates. With a low tax rate and no HOA, this home comes in having it all.
