N/A, Ventura,

NOW the best VALUE in Ventura. This remodeled Midtown classic is on one of the most beautiful tree-lined streets in Ventura. The backyard is a California paradise--lush, thriving, and enchanting. The front yard is a must-see, one-of-a-kind succulent garden. The heart of the home is the remodeled and expanded kitchen, which features custom dual Tom Dixon-style pendulum lanterns over the quartz island with overhangs for seating. New cabinetry was installed, and a gorgeous vintage Wolf range was added. Adding character is a built-in breakfast nook crafted from one-hundred-year-old barn wood, highlighted with Holtkotter pendulum lighting. Chicago Faucets has been an industry-leading fittings manufacturer for decades, engineering the most durable faucets in the industry. Installed is a wall-mounted double-jointed spout that extends in both directions. A water softening system was added that feeds to a reverse osmosis water filtration system. The original hardwood floors were recently refinished, and the exterior of the home was repainted in December. Many double-hung windows were replaced with dual-pane vinyls. This home has another huge bonus--the Artist's Studio-Sunroom-Office-or Fourth Bedroom is twenty-seven by twelve feet, which offers a space rare in Ventura homes--large enough to be a 'productive and creative' environment with gorgeous natural light for multiple desks or easels or work tables.
