## \$5,000

3 Bedroom, 2.00 Bathroom, 1,290 sqft  
Residential Lease on 12 Acres

Not Applicable, Calabasas,

What's that sound in the distance? It's the noise of a bubbling creek as it winds through an oak forest. It's a very natural, quiet, and calming sound that can bring serenity. And looking out your front patio seems like you are far away from the city. Maybe this is just what you need right now, and this home is here to offer it. Having a great location is half the battle, and having a home that is updated and modern is the other. And now you get both. A single story first floor condo opens to real wood floors, modern decor, and a very open floor plan surrounding the kitchen. Originally three bedrooms, one was converted to an office and its closet space now hosts your own laundry area. This room can still function as a bedroom, but if two bedrooms are enough, you have this enjoyable space to make it what you want. The bathrooms are luxurious, and the primary bathroom is generous in space. All windows look out to nature and oak trees. This is one place you'll love to show off to your friends and family. It feels more like a home than a condo. And if walking is your thing, you have sidewalks, bridges, trails, and lakes to explore, all within close proximity to your home. Residence here gives you access to Calabasas Lake, a pool, spa, and small gym. As an added bonus, water, gas, and trash services are paid for by the landlord. And just around the corner are numerous restaurants, eateries, and major shopping locations. While you'll feel like living in the countryside, modern conveniences are only a short walk away.

This may be the strategic lifestyle you didn't know existed. Are you ready to call this one your own?
