4 Bedroom, 3.00 Bathroom, 1,971 sqft
Residential on 0 Acres

N/A, Ventura,

Nestled in the scenic foothills of Ventura, is a rare opportunity to create something truly special with this single story 4 bedroom 3 bathroom home. With sweeping views of the Oxnard Plains and the Pacific Ocean from the front of the property to the spacious backyard, the views are simply picturesque. Backing to the peaceful Barranca, this property offers privacy, serenity, and a connection to nature that feels like a true escape from the hustle and bustle. Although the home was impacted by the December 2017 Thomas Fire, it now stands ready for someone with vision and creativity to restore its charm and make it their own. The home is a clean slate with all flooring removed and most of the kitchen not functional. The primary bathroom has also been gutted. Ductless air conditioning and interior access to the electric panel have been added. With some planning and hard work you can create your own memories for years to come. Offered as a trust sale come and see the potential for yourself--you'll fall in love with the possibilities.
